PROFESSIONAL SUMMARY

- Motivated UX/UI/Graphic Designer, excellent at juggling multiple tasks and working under pressure. Broad industry experience includes healthcare and retail. Familiar with start up culture and environment.
- As a UI/UX and Graphic designer, I approach projects from a fresh perspective. By producing these projects I am learning how to approach problems effectively and plan accordingly.
- All of the following require creativity, patience and thinking which are skills I both possess and am actively growing. Whether it is working on a new project or designing something very complex, I strive to impress and to ensure my services are valuable.
- It would be nice to work with a team I could strive to grow and learn with. I also want to improve my design skills in a creative environment.

WORK HISTORY

03/2020 - 07/2020
Ksubaka | London, ENG
Junior UI/UX Designer

- Took concepts and produced design mockups and prototypes to strengthen designs, enhance user experiences and improve Ksubaka product interactions.
- Maintained scheduling guidelines to satisfy customers with high-quality, targeted designs such as the Coca-Cola Survey.
- Worked closely with a Product Specialist, a Product owner and the COO at Ksubaka, to establish and deliver for Ksubaka products which were needed for different high end clients.
- Revised the backend dashboard, Cloudshelf Editor, by creating new wireframes, prototypes and the UI implementation.
- Worked under pandemic pressure, under a revised emergency business model, to create a pandemic proof solution for Ksubaka clients.
- Worked extensively with the following range of software:
-Sketch
-Invision
-Indesign
-Adobe After Effects
-Illustrator
-XD
